Traditionally, films were recorded onto celluloid film stock through a photochemical process and then shown through a movie projector onto a large screen. Contemporary films are often fully digital through the entire process of production, distribution, and exhibition, while films recorded in a photochemical form traditionally included an analogous optical soundtrack a graphic recording of the spoken words, music and other sounds that accompany the images which runs along a portion of the film exclusively reserved for it, and is not projected.

Any film may also have a sequel, which portrays events following those in the film. *Bride of Frankenstein* is an early example. When there are more films than one with the same characters, story arcs, or subject themes, these movies become a series, such as the James Bond series. And, existing outside a specific story timeline usually, does not exclude a film from being part of a series. A film that portrays events occurring earlier in a timeline with those in another film, but is released after that film, is sometimes called a prequel, an example being *Butch and Sundance: The Early Days*.

Streaming services The BBC noted that the popularity of streaming services could increase, especially if more people are isolated at home,<sup>85</sup> with The Guardian suggesting that non-blockbuster films may be sent to streaming more quickly than anticipated after release, to catch this market.<sup>7</sup> One popular film to stream was 2011's *Contagion*, which moved up from being the 270th most-Watch ed Warner Bros. film in December 2019 to become its 2nd most-Watch ed film in 2020 by March<sup>7218</sup> and entered the top 10 on iTunes film rentals,<sup>219</sup> ostensibly due to the similarities its story bears to the outbreak.<sup>7218219</sup> The stock of increased in 2020 by March 12. The platform had released its original docuseries *Pandemic: How to Prevent an Outbreak* at the end of January 2020.<sup>81</sup> Disney+ went live in India on March 11 via its domestic service Hotstar, eighteen days before it was set to,

though Disneys shares had fallen by 23% on March 9.81
